DIVINE HEALING TO BE PRACTICED IN ALBUQUERQUE

Schrader, Schlatter and Assistants Incorporate "Kingdom Church" Uniting Various Branches of Interesting Sect.

Articles of incorporation were filed with the probate clerk of the county home town of the "Kingdom Church," the incorporators being His Reverend Majesty August Schrader Kingfisher, His Eminence Cardinal Francis Schlatter, Donaciano Valdés, Bishop Santiago Valdés, minister, and Captain Gallegos. The purpose of the incorporation is to preach the gospel of healing the soul and body and healing by prayer."

This is the preliminary step toward the establishment in this city of a branch of the sect variously known as the Divine Catholic church and the Kingdom of God's own church, numbering some 1,000 adherents in the United States and Canada, the name having been changed now to the "Kingdom Church" to unite all the branches under a distinctive name to avoid confusion with other denominations. The address of the local representative is 1227 Fourth Street. It is planned to build up a strong following here and healing through the efficacy of laying on of hands and prayer will be practised here from now on.

His Reverend Majesty Kingfisher August Schrader is the founder of the Kingdom, and acted in his leadership of the work by His Eminence Cardinal Francis Schlatter, the two names having been somewhat confused for some years past in the public mind, the result, according to Rev. Mr. Schrader of the fact that while he had been doing the active work in the field, Schlatter had been doing the "inside work" at the same time. Both reverend gentlemen visited the Herald office this morning, offering ocular demonstration of the validity of the claim that either Schrader or Schlatter died some years ago in the Taos mountains and that both were discovered and positively identified.

"Our headquarters are at Los Angeles," said Rev. Mr. Schrader this morning, "and the Kingdom church was incorporated in California July 9, general headquarters being opened two weeks later.

The growth of our church has been rapid and we are now with no believe that it will continue to grow and prosper. We have between 300 and 500 members in this state. The church owns a large amount of land at our settlement at Jerusalem, near Acasio, Socorro county, where there are living now about 500 persons, mostly Indians, and one of the railroad station and one a pole distant. I have travelled and practiced divine healing in every state of the union and in Mexico, Canada, Peru, Argentina, San Salvador, Honduras, Nicaragua and Costa Rica. Our membership is scattered all over these and other countries. We follow the induction service to the north and treat the sick, taking neither scrip nor money in our purse."

Schrader first appeared in New Mexico in 1885 after going to Colorado and practicing his healing arts in that state. Both he and Schlatter have had a wide tour over the country and have been the subject of many fantastic newspaper reports during the past decade, the death of Schlatter in Socorro county some years ago being declared absolutely authentic at the time. Schlatter died, however, while he appears to have

AMUSING TRAVELOG AT ALBUQUERQUE

Biograph Film of "The Tourist" Staged Here Makes Notable Hit on the Moving Picture Circuit.

The Biograph film recently staged here, chiefly at the Santa Fe station, Alvarado and Madison building, shows in the pictures and motion picture advertisements the Indian has made a hit on the moving picture circuit, judging from the following which appears in the "Moving Picture World."

"The Tourist" (Biograph), August 9, a very amusing travelog. It gives the exciting and often very amusing adventures of Miss Tracy of the tourist who wants to go swimming in Albuquerque, N. M. She picked up the chief for a game. Mrs. Big Chief caused trouble. There were plenty of good hearted Indians. A 300 house enjoyed it thoroughly.

UNFAVORABLE REPORT
ENDS PLAN FOR HOSPITAL

Los Vegas, N. M., Aug. 12.—A report unfavorable to the establishment of a tuberculosis sanatorium in Las Vegas or in any other city has

been made to the supreme lodge of the Knights of Pythias which is now in session in Denver by the special committee sponsored to investigate the matter. The committee, however, recommended that contributions be made for subordinate lodges for the care of their sick.

This report practically settles the

matter of whether a national Knights of Pythias sanatorium for the treatment of tubercular patients should be established in Las Vegas and it seems doubtful if the proposition, which has been hanging fire for several years, will be brought up again, at least

for a number of years to come the demand for such an institution is great if increased.

The Oldest Blood Disease

The most ancient history furnishes evidence that mankind suffered with Contagious Blood Poison. The disease has come down through all the ages and is to-day, as it has ever been, a scourge and blight upon humanity.

The symptoms of Contagious Blood Poison are the same as in its earliest history, but its cure has now become an accomplished fact, whereas, it was once considered an incurable infection.

S. S. S. is an antiseptic for the virus of Contagious Blood Poison, and cures it in all its forms and stages. S. S. S. possessing both purifying and tonic properties rids out all the poison, and at the same time builds up the general health. A person who has been cured of Contagious Blood Poison by the use of S. S. S. need not fear a return of its symptoms at any future time.

This great medicine checks the progress of the poison and gradually but surely all sores and eruptions heal, ulcerated mouth and throat pass away, the hair stops falling out, copper-colored spots on the skin fade away, and when the blood is thoroughly purified no sign of the disease is left.
